Rules

1. To qualify for your respective divisional awards, crews must participate in a minimum of 3 of the 5 events to qualify. Participation at the Canadian National Champs is required, and can count as one of the three races.
2. Only CORA clubs and crews from those clubs are eligible for the Cup system.
3. A crew's TOP THREE results will be used to calculate the final point totals.
4. All club crew results will be tallied to count towards the final Club point totals (not just the top three results per crew, and not just the top three crews).
5. Crew rosters may change but the crew must continue to use the same crew name AND age category throughout the season.

6. Crews may be forced to race down an age class for the purpose of a specific race, however, the age category that the crew REGISTERS in (registered category must be the same throughout the season) will be used to calculate the points. It is important that race directors know which age category the crew is racing in.
7. If it comes to the attention of the Race Director or CORA that any of the above rules have been broken, then club rosters will be checked against the CORA Registration Database and potential disqualification from the CORA Cup series may occur.
